Lana Kubatina

e-Learning QA & Accessibility Specialist

lana.kubatina.work@gmail.com *(preferred)* | 7474745050 | Vancouver, WA
LinkedIn | Portfolio | GitHub

Summary

- 5+ years of QA and UAT experience supporting large-scale digital platforms, including user-centric quality assurance.
- 10+ years in education and content design, enabling strong communication with non-technical stakeholders.
- Experienced in requirements analysis, test case development, defect triage, and Agile collaboration.
- Skilled in WCAG accessibility testing, cross-browser validation, regression testing, and system stability checks.
- Proficient in Jira, test documentation, and structured reporting for leadership.
- Passionate about improving public-facing systems through accurate testing and accessibility compliance.

Skills

- **Testing & QA:** UAT lifecycle, RTM management, regression testing, integration testing, accessibility (WCAG), cross-browser testing, defect triage, test planning, test execution, Agile/Scrum
- **Tools:** Jira, Azure DevOps, Cypress, Playwright, DevTools, GitHub, SQL, Postman API, HTML, CSS, JavaScript
- **Accessibility:** Screen reader testing (NVDA), keyboard navigation, magnification tools, automated accessibility scans, accessibility standards documentation, and internal training support
- **Soft Skills:** Clear communication, stakeholder alignment, documentation, analytical thinking, independent problem-solving, cross-team collaboration

Professional Experience

e-Learning QA Specialist and Content Creator - eLearningDOC (11/24 - Present)

- Lead UAT and accessibility testing for e-learning platforms serving 10,000+ users, including compliance-focused projects supporting **government and public-sector** training initiatives.
- Analyze requirements and acceptance criteria to ensure clarity and testability.
- Create and execute **manual test cases, scenarios, and regression suites** aligned with **WCAG** and quality standards.
- Log and document **500+ defects monthly** with clear reproduction steps and severity/priority classification.
- Provide **testing metrics and weekly status updates** to leadership and cross-functional teams.
- Draft internal **accessibility standards** and contribute to training materials for compliance.
- Collaborate with developers and instructional designers to resolve defects and improve system stability.

QA Engineer - SlopGoblins (06/24 - 07/24)

- Designed and executed **manual and automated UI tests** using Playwright and Cypress.
- Analyzed user stories and acceptance criteria to create optimized test cases.
- Logged defects in Jira and participated in **triage discussions** with engineering teams.
- Used AI-assisted tools to accelerate test case generation and documentation.

QA Tester - Royal Moving Co (06/22 - 06/24)

- Served as QA lead for the company's customer-facing website and internal tools.
- Conducted **functional, regression, and exploratory testing**, identifying and resolving 200+ defects.
- Managed and trained the **ChatBase AI agent**, improving NLP accuracy and user experience.
- Validated UX flows, intent handling, and system reliability across multiple releases.
- Collaborated with business stakeholders to ensure test coverage aligned with requirements.

Community Manager, Online Course Editor, QA Tester - Yandex Practicum (11/18 - 06/22)

- Performed **UAT and exploratory testing** for online course platforms, logging defects in Jira.
- Reviewed requirements and collaborated with SMEs to ensure content accuracy and consistency.
- Supported **500+ learners** through structured onboarding and workflow optimization.
- Edited and quality-checked content for 50+ IT courses, improving clarity and engagement.

Instructional Designer - Publishing House (11/17 - 11/18)

- Led a team of 20+ experts to design and validate online learning materials.
- Developed curriculum and testing strategies to ensure content quality and alignment with objectives.

Education

- **Google UX Design by Google,** Coursera Certificate (2026)
- **Master of Arts in Publishing and Editing,** Moscow School of Printing (2019)
- **Bachelor of Arts in Education,** Moscow State Regional Institute for the Humanities (2014)
